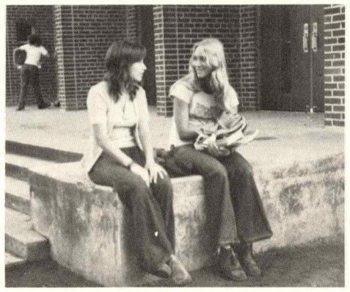
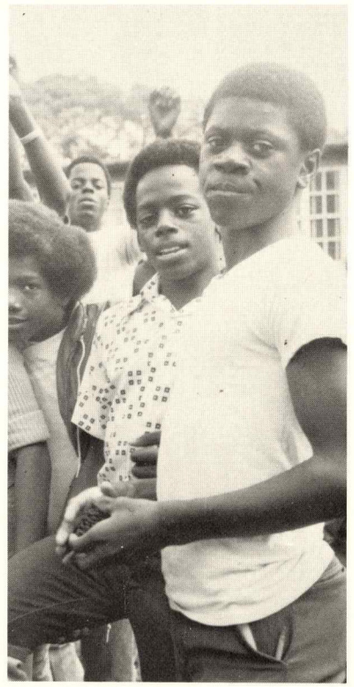
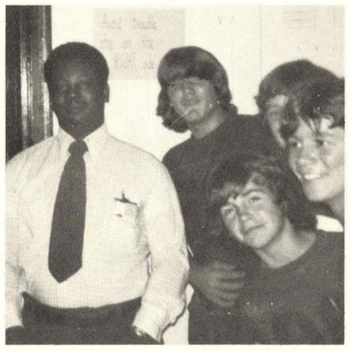
We Sincerely Dedicate the 1975-76 Panther Paw to Doris Barber

Through all her years of hard work she hasn't lost her golden touch of making students love her. She has a lasting affect on PJHS students, and the students respond well. Her pleasant way of teaching has gained her a close and lasting relationship with her students. The Annual Staff is proud to dedicate the 1975-76 Panther Paw to Mrs. Doris Barber.







As seventh graders we were scared to death the first few days of school. We searched for classes minutes after the tardy bell had rung. We broke rules we didn't even know were rules. As eighth graders we felt a little more secure, and as ninth graders we were really confident of ourselves. The end of our junior high days approaching caused joy in anticipating something new and yet sadness in leaving friends and memories behind us.

In this Bicentennial year we should be very proud of our great country. It has had its problems, but because of a strong democracy it has remained a wonderful land of freedom. In its 200th year we should learn again to be proud Americans.
